In Love and Dedication

and to the families and friends of those lost to suicide
Meeting challenges since 1892

For more than a century, we have met challenges such as epidemics, financial market disruptions, wars, natural disasters and more. Through them all, we remained committed to our strategic focus which is built on the belief that everyone deserves an opportunity to achieve financial security—despite the struggles the country may face. While we call Topeka home, our reach extends across the nation. We are a leader in the U.S. retirement market and continue our legacy of helping people, including America’s solo enterprises, To and Through Retirement®.

Welcome

We would like to welcome you to our 15th Annual Golf Classic and 9th Annual Tennis outing, at our home, Eagle Oaks Country Club. The Golf and Tennis Outing is the most important fundraising event in our annual calendar. Our work is as important today as it was when we began this challenging journey over seventeen years ago. Through our programs and activities, we have undertaken, we know precious young lives have been saved. The success we have had is a direct result of your generous support and continued commitment to our mission.

There is no need to remind you of the events of the past 18 months related to the COVID-19 pandemic. We at SPTS are particularly concerned of the yet unknown effect the pandemic will have on the mental health of our youth. Certainly, the resources SPTS provides will be of in even more demand as we move back to in person school attendance and other curricular activities in the fall. SPTS stands ready to help as and when necessary.

On the following pages we are proud to share with you some of the accomplishments of SPTS over the past challenging year and would especially like to acknowledge the hard work of our dedicated staff.

As always, we would like to recognize the many people that devote their free time and donate their talent to make an event like this one so special. Our fantastic golf and tennis committees chaired by Todd Cohen, and our enthusiastic volunteers do a wonderful job in organizing the day. We are also most appreciative to the ownership and staff of Eagle Oaks in preparing the golf course and facilities to accommodate you in the style and comfort that has become synonymous with our day here at Eagle Oaks.

At our dinner tonight we will be honoring a very special person for her support and commitment to SPTS for many years. Jeannine Grasso has been a board member for the last 14 years and her contribution to the success of our continuing mission to help save the lives of our vulnerable youth is second to none. Using her experience as a school teacher, guidance counselor, and principal of a middle school in Roselle Park, NJ she has helped SPTS to make informed decisions regarding our school-based programming. Her work with forming, maintaining, and leading our Youth Council initiative is particularly noteworthy. During the pandemic, Jeannine managed with grace and compassion, the engagement of a virtual council which comprised of 40 young individuals. This formal recognition cannot begin to express the appreciation and gratitude that we have for her. We are most grateful that she chooses to volunteer her time and considerable experience to SPTS.

Finally, to our many returning patrons and sponsors, as well as new friends here today for the first time, we truly are blessed to be the beneficiaries of your support and thank you from the bottom of our hearts. Enjoy your day of golf and tennis. We look forward to seeing you all on the golf course and tennis courts today and later tonight for dinner and cocktails.

With heartfelt thanks,

The Quigley Family

Worried about Suicide? Learn the FACTS!

Are you concerned that someone you know may be at risk for suicide? Your first step in helping may be as simple as learning the FACTS or warning signs. The following signs may mean that a youth is at risk for suicide, particularly if that person attempted suicide in the past.

**FEELINGS**
- Expressing hopelessness about the future.

**ACTIONS**
- Displaying severe/overwhelming pain or distress.

**CHANGES**
- Showing worrisome behavioral cues or marked changes in behavior, including: withdrawal from friends or changes in social activities; anger or hostility; or changes in sleep.

**THREATS**
- Talking about, writing about, or making plans for suicide.

**SITUATIONS**
- Experiencing stressful situations including those that involve loss, change, create personal humiliation, or involve getting into trouble at home, in school or with the law. These kinds of situations can serve as triggers for suicide.

If you notice any of these warning signs, you can help!

1. Express your concern about what you are observing in their behavior
2. Ask directly about suicide
3. Encourage them to call the National Suicide Prevention Lifeline at 800-273-TALK (8255)
4. Involve an adult they trust

Remember, if you have IMMEDIATE concern about someone’s safety, call 911 right away!

Suicide is a preventable problem. By taking the time to notice and reach out to a peer, you can be the beginning of a positive solution.

Don’t Forget -
Youth Suicide Prevention is Everyone’s Business!
